

COSMETIC SURGERY
COUNSELLING SERVICES

— The Beautiful Conversation

Dear Patient,

As part of the highest level of care that we can offer, I am including a letter of referral for you to have a pre- and post-operative consultation with the Cosmetic Surgery Counselling Services also known as The Beautiful Conversation.

Our clinic aims to promote a holistic, healthy mind in a healthy body approach to cosmetic surgery. By providing this valuable service to you, we hope that you will benefit from having someone to talk to about any of the more personal issues you may have that relate to your forthcoming surgery.

We hope that you will enjoy this additional service that we offer at our clinic.

Yours faithfully,
