

COSMETIC SURGERY
COUNSELLING SERVICES

— The Beautiful Conversation

Dear Surgeon,

Please refer me to Cosmetic Surgery Counselling Services for a pre- and post-operative session. This will help me achieve a more realistic expectation from cosmetic surgery and reduce any anxiety I may have over the procedure.

I know you want the very highest level of care for all your patients and would request that you integrate this service into your cosmetic surgery package so that all of your patients may benefit from this very valuable service.

With kind regards

Yours faithfully,
